 - (11) Special Permit Criteria: The Board may grant a Special permit if it finds all of the following:
 - (a) That the design standards and review criteria in this section have been met;
 - (b) The provisions for parking and vehicular circulation on the site and access onto adjacent roadways will promote safe traffic control and flow;
 - (c) The provision for landscaping and screening will provide an adequate buffer for adjoining properties and will minimize the impact of the proposed uses and parking areas, and the effect of the bulk and height of buildings and structures;
 - (d) Any provision for pedestrian ways will provide safe and convenient access on-site with linkage to adjacent pedestrian areas;

- (e) The project will provide for adequate drainage, water and sewer facilities with sufficient capacity to serve the planned development.
- (12) Conditions: In granting Special Permit approval, the Planning Board may impose reasonable conditions and safeguards which may include, but shall not be limited to, the following:
- (a) Requirements for reasonable off-site improvements to offset the impacts on the capacity and safety of adjacent roadways and intersections, and the capacity of the water, sewer, and drainage systems affected by the proposed development;
 - (b) Conditions to minimize impacts on environmental quality;
 - (c) Requirements on the site design of the planned development to ensure compatibility with existing structures and neighboring properties;
 - (d) Controls on the location and type of vehicular and pedestrian access.
- (13) Decision: The Planning Board decision and any extension, modification or renewal, shall be filed with the Board, the applicant and the Town Clerk within ninety (90) days following the close of the Public Hearing.
